SELECTED EXPERIENCE

Head of the Application Committee 'Online' - Student Organization	Feb 2024 - March 2025
- Responsible for guiding a team of 17 developers, who are divided into various projects - Overall responsibility for daily operations and administrative work - Responsible for arranging weekly on-site development sessions, and onboarding new members	

‘Online Admissions’ | APPLICATION PLATFORM FOR STUDENT ORGANIZATION ROLES Autumn 2023 - Spring 2024

Next.js / MongoDB / AWS / Twilio

- Collaborated with four other developers to build a web application that streamlined the committee application process for the student organization, improving the experience for both applicants and committees.
- Applicants and committee members could submit available time slots, which were then processed by an algorithm we designed. Interview schedules were automatically generated, and notifications were sent via both email and SMS to applicants and committees.

‘Online Events’ | MOBILE APP FOR STUDENT ORGANIZATION

Autumn 2023 - Spring 2024

Flutter / Google Cloud Platform / Firebase

- Collaborated with a team of three to develop a fully functional mobile application.
- Users could view and receive notifications about events, play games, and read posts.
- Set up a notification server on Google Cloud Platform to deliver push notifications.
